Welcome to Associates in Women's Health on-line health information exchange. In conjunction with our software vendor NextGen, NextMD is a web-based application that enables you to communicate directly with the clinical staff. This on-line service will allow you to request appointments or prescription refills, access your statements, test results or other medically related documents and communicate with the clinical staff regarding on-going problems or issues.

The first step is providing us with your email address so that we can register you. Once you are registered, an eight digit token number will be given to; this allows you to complete your enrollment. We will send you an email that will include a link to the NextMD portal or you can go to www.nextmd.com. Type in the eight digit token (PIN) and complete your registration; this PIN is only valid for 30 days.

This is a secure web-site that contains your personnel medical information; as such, please observe recommended protocols for appropriate passwords and limiting access to your account. A confirmation email is sent to notify you when you have successfully completed the enrollment process.

Please keep in mind the following when utilizing NextMD:

- ⊕ If you are having a medical emergency or a serious problem you need to call 911 or the office directly
- ⊕ You can only request appointments not actually schedule them
- ⊕ Please request appointments in 'blocks' of time, i.e. Monday mornings.
- ⊕ It may take us up to 2 business days to respond, so immediate needs for an appointment, refill request, test results, documentation or answer to a problem should not be requested through the web portal
- ⊕ Statements can be viewed but not paid on-line; that option will be available in the future.

For more information please go to www.awhobgyn.com, click on Forms and download the "Patient's Guide to NextMD".

Email address: _____

8 Digit Token: _____

Do you want to receive your Statements on line? YES NO
